EXPERIENCE

Lead Instructor

iD Tech Stanford

Palo Alto, CA

June 2025 – August 2025

- Led instruction for 90+ campers through week-long projects in game development, interactive adventures, and obstacle design, achieving a **95% satisfaction rate** from students and parents
- Managed logistics and rigorous safety protocols for high-capacity overnight programming while leading inclusive team-building activities for diverse campers' cohorts

Vice President

ACM-W DePauw University Chapter

Greencastle, IN

October 2024 – December 2025

- Coordinated with university leadership and ACM-W stakeholders to execute events and programs that **advanced educational goals** while maintaining operational efficiency
- Moderated a high-profile industry panel discussion featuring **DePauw's CIO and the VP/Dean of WGU**; facilitated a cross-institutional dialogue on tech career trajectories for an audience of 50+ students and faculty

STEM Guide

DePauw Computer Science Department

Greencastle, IN

January 2025 – Present

- Provide one-on-one tutoring in introductory computer science and object-oriented programming to 40+ students, with **85% reporting improved comprehension** through personalized instruction
- Collaborate with faculty during weekly reviews to identify learning gaps and track student progress, contributing to a **15% average improvement** in exam scores among regular attendees

PROJECTS

Local Business Portal | JavaScript, React, Google Maps API, Firebase

- Developed an interactive resource website using **JavaScript, React**, and **Firebase** for Putnam County's shops and restaurants, driving 70+ promotion redemptions across 21 businesses

College Institution Selection Tool | Excel, Tableau, U.S. Department of Education Data

- Built an interactive dashboard integrating **two institutional datasets** across **1,200+ U.S. universities** to identify **top institutional** matches based on affordability, academic competitiveness, and graduate earnings outcomes

JoyStick Arcade & Bar | DePauw University Pitch Competition (Runner-Up)

- Conducted a **market research (93 target respondents)** and built a financial model covering startup costs, break-even analysis, and projecting **\$437K+ in annual revenue** through arcade, bar, and event segments
